

Letter of Recommendation

To whom it may concern,

My name is Maria, and it is with great pleasure that I write this letter of recommendation for Benoit.

We met Benoit when my children were very young — just 10 and 9 years old. What began as French lessons soon became a long and meaningful journey that lasted around seven or 8 years. Over that time, Benoit became much more than a teacher to our family; he became a trusted mentor and a true family friend.

My two children have very different personalities and learning styles. Benoit had the ability to understand each of them individually and adapt his teaching in a way that made both feel confident, supported, and motivated. In my eyes, that is something truly special. Not every teacher can connect equally well with two completely different teenagers — but Benoit did.

He was always kind, patient, and encouraging. At the same time, he maintained high standards and gently pushed them to do better and aim higher. He was consistently punctual, organized, and deeply committed to their progress.

Thanks to his dedication and guidance, both of my children successfully completed their studies at the Alliance Française and obtained their official French language certification. Benoit also helped us navigate the entire examination and registration process, always available to answer questions and guide us through each step.

Today, my children are 30 and 32 years old, and we are still in contact with Benoit. That, to me, speaks volumes about the genuine relationships he builds with his students and their families.

I wholeheartedly recommend Benoit to any parents looking for a skilled, reliable, and caring French teacher — especially for adolescents. He not only teaches a language, he builds confidence, discipline, and lasting connections.

With warmth and gratitude,

Maria Consuelo Flórez
